Any concerns with me sharing the Excel version of the index with UWAG? Attached is the version I would send him, which I believe is the same as the filed version (also attached).

Sounds like they're still trying to identify documents from the 2015 record that they want added to this record, even despite the consent abeyance motion.

Tsuki,

Would it be possible for us to get the Index to the Administrative Record in an excel format? The current format is awkward to sort and/or search.

Many thanks,

Pete
